Policies

Ordering:

You can place your order in several different ways:

1. Call our customer service at (843) 293 - 1820
2. On our website at www.shedwindowsandmore.com
3. Email info@shedwindowsandmore.com Please do not email your credit card info, we will call you for that information. Please leave a day time number.

Shipping:

Our normal shipping time is **SAME** or **NEXT BUSINESS** day depending on time of day your order was placed. WE ship via Priority Mail (small items), FedEx Ground/Home Delivery, Smart Post, UPS Ground, or Freight Truck. Our warehouse will determine the least expensive way to ship your items to you. If you need faster service, please call in your order and we can quote you prices on 2nd day air or next day air.

Returns:

We have a **30** day return policy as long as the item(s) have **NOT** been Installed, still new, unused in original condition. All Parts (screws, bolts, ect) must also be returned with the item. There are no returns on special order items or clearance. If you are returning windows, please pack carefully, any damage that happens in return shipping is the reasonability of the buyer and no refund will be given.

Refused Delivery: all refused shipments will be refunded for the item only less 20% restock fee.

Returns on items that were shipped with free shipping will be refunded for the original price of the item less the amount it cost us to ship the item(s) to you. If we are at fault we will send you a pre paid tag.

Damaged Shipments:

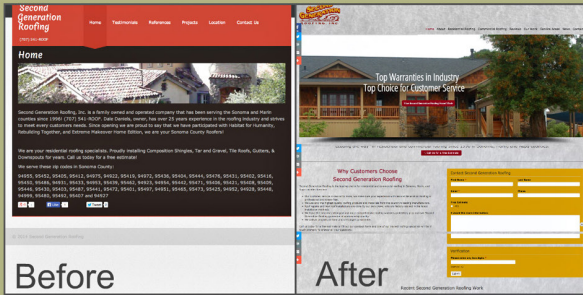

All orders are inspected and carefully packed by our warehouse staff and leave our warehouse in good condition. When you ship windows, damage will happen from time to time and we understand that. If your windows arrive damage, all you need to do is email us a photo of the damage. In that email list your order number, name address and phone number. Once we receive your email we will contact you and either offer discount, replacement, or refund.

Freight Truck Shipments:

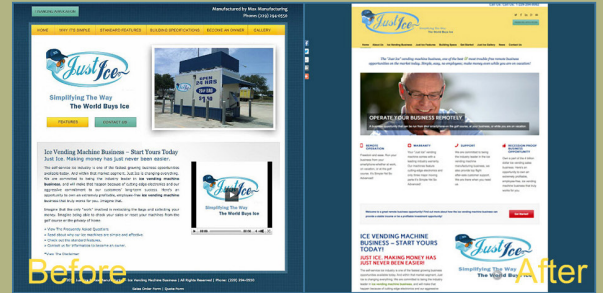

Please inspect while driver is still there, to make sure you received all items and that there is no damage, sign the BOL and document any shortage and damage on BOL before handing back to the truck driver. Email or fax us a copy of the BOL to Shed Windows and More, Inc. and we will handle the claim

Vertical Sliders

Vertical Sliders - Stats

- All windows now come standard with 5 mils (3/16") safety/tempered glass
- We have increased the thickness of the aluminum in the frame for added strength
- Notched inner frame to allow for multiple open locking positions, screen included
- Spring loaded latches allow windows to lock in open positions
- There is a 1" screw flange all around the window, the depth of the window is 1-1/2"
- J-Channel is 7/8" and is only available in white
- J-Channel 7/8" is used for vinyl or metal siding. It is also used to slide in trim board. The glass of the window will be flush with the product you insert into the J-Channel
- Weather stripping on sash for weather resistance
- Sloped sill for drainage
- Nylon glides make for an easy open and close operation
- Easy installation

Awning (Insulated Glass)

Constructed of energy-efficient polyvinyl chloride (PVC) which will not warp, peel or corrode and will provide years of trouble free operation and performance.

The windows have fusion welded frame and sash corners prevent against water leakage.

This is a very versatile window it can be installed opening up, opening down, or opening side ways depending on how you mount it.

Operating system features concealed, adjustable hinges and lever handle sash locks, which combined with our unique double contact weatherstrip creates a weather tight secure window.

- 3/4" Nail / Screw Flange
- Fiberglass Mesh Full Screen
- 3/4" Insulated Glass

Barn Sash Windows

Traditional Style Barn Sash High Quality and Maintenance Free, Made with PVC compounds

The sash has equal sized stiles and top rail, with a traditional wider bottom rail. Then we added a mill work quality profiled glass rabbet on both the sash parts and bars. The sash is designed to be a true divided lite product utilizing individual panes of double strength glass for each lite.

The sash was also made for easy disassemble for easy glass replacement

Each stile and rail can be trimmed by up to 5/8"

Custom Sizes Available - Please call for more information

PVC Barn Sash Windows

Wood Barn Sash Windows

A traditional appearance sash that would incorporate modern assembly methods and be easy to maintain. Traditional profile with a 2-3/8" wide stiles and top rail, and the traditional wider 3-3/8" bottom rail.

The sash is designed so that the glass is installed in the assembly process with the bars to create a fastener free face for ease of staining or painting.

Hardware Kit

Hardware Kit # 1

Comes with:

- 6 Hinges of your choice
- 2 (1 Pair) Barrel Bolts of your choice
- 1 T-Handle of your choice
- 1 bag of 56 screws of your choice

Customize your hardware kit your way!

This Kit has everything you need for a double door. This is the most popular kit.

Hardware Kit # 2

Comes with:

- 9 Hinges of your choice
- 2 (1 Pair) Barrel Bolts of your choice
- 2 T-Handle of your choice
- 1 bag of 56 screws of your choice

Customize your hardware kit your way!

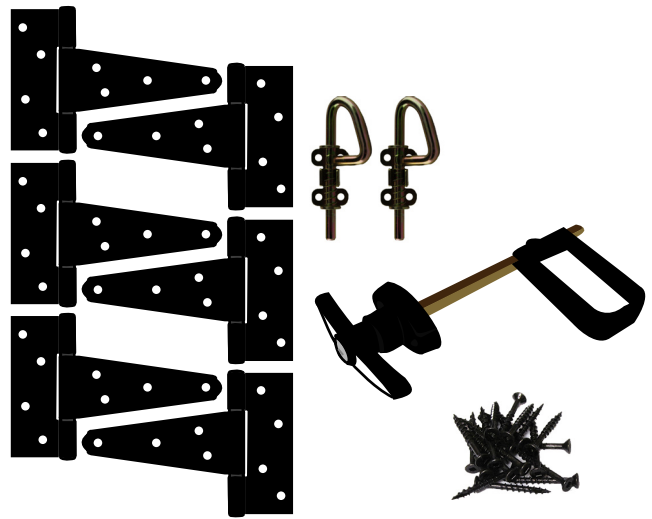

This Kit has everything you need for one double door and one single door.

Single Door Kit

Comes with:

- 3 Hinges of your choice
- 1 T-Handle of your choice
- 1 bag of 28 screws of your choice

This kit has everything you need for a single door.

Play House Doors

Fiberglass Doors are perfect to finish off your building. Since fiberglass is unharmed by everyday wear and tear. This well constructed door will not rot, splinter or warp like regular wood, nor dent or delaminate like steel.

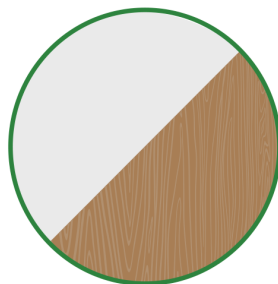

Full Length Stiles

Our Full Length Stiles are made from either Cellular PVC (only for smooth skin white door) or pine (only for wood grain skin textured door). These stiles provide complete waterproofing of the door's Polyurethane Core.

Top & Bottom Rails

Top & Bottom Railare made from either Cellular PVC (only for smooth skin white door) or pine (only for wood grain skin textured door). Top & Bottom Rails prevent misture from seeping iinto the door. Bottom Rails also accommodate a range of door sweeps.

Reinforced Fiberglass Skins

These high-impact molded compressed skins will never splinter, dent, warp, rot, nor rust. These skins can be stained or painted with ease.

Play House Doors

SKU	Size	Rails/Styles Material	Skin	Color

D2260SS	22" x 60"	Cellular PVC	Smooth	White
D2260WG	22" x 60"	Solid Pine	Wood Texture	Pine

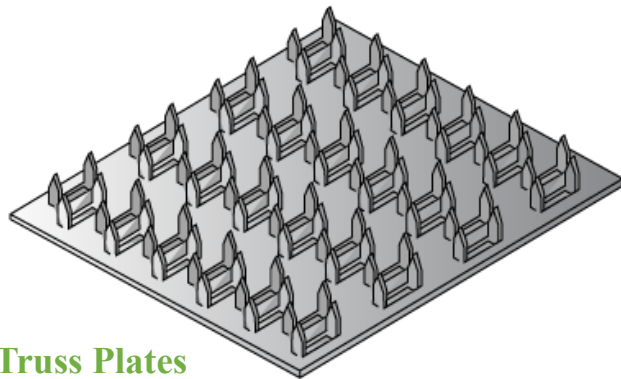

Screws, Truss Plates & Thresholds

Black Screws

Our Screws are all #2 Suarea Drive Screws. Designed with a Bugle Head which lies flat flush to the surface. Built with a heavier gauge body, provides more material for long drilling with less chance of twist off. Two thirds threading eliminates gap caused by thrust. Deep Threads for better grip, especially useful in wood composite materials.

Screw Size	Pack Size	Estimated Box Count
#8 x 1"	50, 100, 500, 1000	TBD
#8 x 1-1/4"	50, 100, 500, 1000	TBD
#8 x 1-1/2"	50, 100, 500, 1000	8,000
